

## USING THE TITHE.LY APP

**Download app: Tithe.ly** and follow steps to create your account for credit card giving and/or bank account giving (like using your debit card).

**Here's what you'll see each time you give or purchase...**

This is cool...  
If you want to give a tithe amount and a donation to a special fund, say, Back to School Fiesta, touch the **+ Add Gift** button and another giving box appears so you can direct each amount to the proper fund.

You can setup for more than one credit card.

Tap to use credit card or your bank account (like using a debit card).

Use pull down to see categories of giving or purchase.  
  
Typically set to:  

- Tithe
- Prosperity Plus
- Book Store
- Miscellaneous

 During the year, special donation categories will be added, such as Back to School Fiesta.

This way you cover Unity's processing fees.

For recurring giving. You choose frequency

## USING TEXT TO GIVE

### FIRST TIME:

Text the word “give” (without quotes) to Unity of Wimberley’s Tithe.ly number

**(361) 356-3184** (save in your contacts)

You will receive a text back with a link. Tap that link and create your Tithe.ly account.

### Here’s what you’ll do each time you wish to give or purchase...

#### Simply text without the quotes:

- An amount to give that amount. For example: "100" (defaults to “Tithe”) or
- An amount and the fund to designate your gift. For example: "100 Tithe" or “100 Prosperity Plus” (except for “Tithe,” these giving designations will vary throughout the year. These will be noted during the service or via the newsletter. **To always be sure, use the Tithe.ly app instead of texting.**

#### You can also

- Text an amount and schedule recurring automated giving. For example: "500 Monthly", "100 Tithe Bimonthly", "50 Offering Weekly", or "250 Fortnightly".
- "Cancel Auto" to cancel automated giving.

#### Other features

- Add "cover" to cover fees of one transaction. Ex: "100 Offering cover".
- Add "Cover fees on" to cover fees on ALL text gifts.
- "Cover fees off" to turn off cover fees on all text gifts.
  
- "Card" to add a new payment method.
- "Refund" to refund your last transaction.
- "Options" to see the initial list of options again.

**ACH giving (debit to your bank account) is available only via the Tithe.ly app**
